VEGETARIANS?

Over in Macon county the dairy men are offering 37 cents a lb. for butter fat. It looks like butter with other animal products was going up in the air. We might turn to lard but hogs are too high for that and the matter of eating suet or other beef fats is out of the question because beeves are selling so high that no one could begin to afford it. It begins to appear that the poor people will have soon to resort to vegetarianism. There is one good thing about it and that is that the lesser consumption of meat will prove if anything, beneficial. No one likes to think that he is driven to do without meat but, if the average person had meat but once a day he would probably be as well off, if not better off than eating it three times. Necessity is a hard and diligent taskmaster and some of us cannot escape learning his lessons but some of them are beneficial in spite of their severity. If we can't dodge necessity we can be as philosophical as possible about the results of our contact with that exacting teacher.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of colds you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers.

Enlarging Church

The congregation of the colored Baptist church has increased in membership until it has become necessary to enlarge the church structure. Carpenters are now working on an addition being 6 by 38 feet. When the addition is completed the auditorium will be 26 by 38 feet and will make things considerably more satisfactory for the colored brethren.

Stiff Joints Sprains, Bruises

are relieved at once by an application of Sloan's Liniment. Don't rub, just lay on lightly.

"Sloan's Liniment has done more good than anything I have ever tried for stiff joints. I got my hand hurt so badly that I had to stop work right in the busiest time of the year. I thought at first that I would have to have my hand taken off, but I got a bottle of Sloan's Liniment and cured my hand."

SLOAN'S LINIMENT

Fine for Sprain

Mr. HENRY A. VOELH, 84 Somerset St., Plainfield, N. J., writes: "A friend sprained his ankle so badly that it went black. He laughed when I told him that I would have him out in a week. I applied Sloan's Liniment and in four days he was working and said Sloan's was a right good Liniment."

Kills Dollar Diplomacy

Wilson, in refusing to ask the American bankers to cooperate in making the loan to China, thus guaranteeing the loan to the bankers, seems to have dealt the Knox system of diplomacy known as the "dollar diplomacy" a hard blow. This nation has been in recent years guaranteeing loans made by bankers by even going so far as to place public servants to collect the revenue at points of entry in other nations. This was good for the private bankers who had more money than they knew what to do with here, but it did not appeal to an outsider as a fair proposition, this making the U. S. government a constable to rough-handle small nations to make them "come across" with their payments. Wilson is going to stop it. The result—consternation for J. P. Morgan & Co., and a stronger sense of security in Wilson's nerve and integrity on the part of us outside the golden circle.

A humorous writer in the Kansas City Star says that Secretary Bryan has just celebrated his fifty-third birthday. According to the writer, "He seems, surely to have been a candidate longer than that."

Hog feeders around Carrollton, Mo., have bought 4,000 shoats in other localities, some as far away as Louisiana, for stock purposes. It costs considerably more to import hogs than to raise them, but it is a lot quicker.

With the Kansas City Star endorsing President Wilson and T. R. endorsing a democrat, Frank Gerhart for mayor of St. Louis, varily it is getting difficult to tell where "we are at."

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by all dealers.

A reporter made a trip to the county jail last week and was surprised at the neatness of the place. It is almost nearly devoid of the usual odors that are part of a place for detention of alleged criminals and criminals. The only part of the jail which is not spick and span is the jury room which is to be painted and renovated in April to be ready for the May term of court.

The man who had sheep, hogs or cattle to sell this fall or winter and did not make money thereon was a dead one. Every one made money and from the outlook everything that is fed anywhere near right and is marketed in the spring will also turn shekels into the feeders hands.

Keeps them Guessing

Even the newspapers consider President Wilson an unknown quantity when it comes to talking, or giving forth news. They always, heretofore, without question, gave the country press advance news of the president's messages. With President Wilson, they say, "if his message is prepared in advance of the first day of the special session, April 8," they will send the advance plates.

There was a scrap in a business house the latter part of last week when a local merchant trimmed another citizen to the queen's taste. The man who got trimmed was drunk and made an offensive remark to the merchant.

W. S. Shipp of Triplett who was in Kansas City at the time Deputy Ewing went for Dunn and Glasscock returned with the deputy to Keytesville assisting in escorting the prisoners here.
